served and the food crank is in his glory, and arguments and theories galore advanced to prove that meat was never in make us believe that our sturdy ancestors who lived four-score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health. Our forefathers had other things to do than formulate theories about the food they

kind from bacon to acorns. A healthy appetite and common sense are meats is undoubtedly the best.

Dr. Julius Remmson on this subject says: ervous persons, people run down in health and of low vitality should est meat feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and, no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets.

form of indigestion will be overcome by have absolutely no effect upon the actual

necessary to perfect digestion, and every

have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food, and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is indersed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsin Tablets at 50c. for full treatment.
